Spring 2020

The William Bull and Sarah Wells Stone House Association, Inc

Keeping The Stone House strong and the Bull Family connected to each other and the world.

## From the President

Lyle Shute  
lshute@hvc.rr.com

Hello cousins,  
I hope this finds you **safe, healthy and well**. Times sure are challenging these days and for some, more difficult than others. On a personal note, I just lost my father, **Robert Shute**, this month; a man who was such a champion for the Bull family and an all around positive person. My family and I miss him dearly.

Death and tragedy always gives one pause and opportunities for reflection. Looking back on our Bull family history this current pandemic is one more hurdle where **we Bulls will persevere**. The Annual Bull Family Reunion has been held **every year since 1867**; the gathering in 1867 was the meeting of family members to consider the erection of a monument to **Sarah Wells and William Bull**. The family met during the 1918 Pandemic, again in 1919 while the pandemic was still ongoing, and **every year of every war** since the first reunion. The letter at right was sent to the family in 1920, **100 years ago**, to fundraise for the purchase of the Bull Stone House as a memorial to the members of the family who served in World War I.

So what will we do this year for the **153rd Annual Reunion**? As of press time of this BULL-e-tin, we are not quite sure what our reunion will look like, but your Association Board members and committee members are hard at work to persevere. **Please keep checking our Bull Family website** for any updates. We encourage you to **share your e-mail information with us** so that we can communicate with you more effectively, and don't forget to

## ANNUAL MEETING NOTICE

PLEASE TAKE NOTICE that the ANNUAL MEETING of the WILLIAM BULL AND SARAH WELLS STONE HOUSE ASSOCIATION, INC. will be held on Saturday, August 1, 2020 at one o'clock PM, E.D.T. for the transaction of such business as may come before it and to elect (4) directors. Instructions on attending virtually will be forthcoming.  
Dated May 29, 2020

Lyle Shute, President  
Nancy Boyd, Secretary

**join the Bull Family Facebook group** where we will also post updates.

I hope you will all join me in giving **Todd Vandervort** a huge show of appreciation for all of his service to our family and the Association in his **25 years on the board**, most recently as president. From helping coordinate the Sarah Wells Tricentennial presentation at SUNY Orange to helping facilitate getting the barn roof replaced; his passion and many efforts on behalf of our family will be remembered with deep gratitude. **Thank you Todd.**

Please stay well family and I hope to see you at the homestead in the not too distant future. ~ Lyle

OLD STONE HOUSE  
Hamptonburgh, Orange County, N. Y.

November 1st. 1920

### TO THE DESCENDANTS OF WILLIAM BULL AND SARAH WELLS:

The Committee appointed at the 1920 Bull Picnic to effect the purchase of the "Old Stone House" and farm of 165 acres has incorporated the Family and obtained an option on the property. This option cannot be exercised until the members of the Family have assured by pledge or contribution that the full amount of the purchase price will be in hand. Already over one-fifth of the \$20,000 necessary has been pledged or contributed. It now remains for those who have not pledged or contributed to send in their contribution or acquaint the committee with the amount they intend to subscribe by means of the enclosed pledge form.

Check or money order should be made payable to Ernest M. Bull, Treasurer, but mailed to the undersigned.

Unless each one who receives this letter realizes a personal responsibility and a generous response is received, it cannot be expected that we shall achieve this memorial to the boys who went to war.

A personal canvass of the Family is impossible. If you desire further information do not hesitate to ask for it. Your name has been assigned to me and a prompt reply to me at my own address, as shown above, will be greatly appreciated.

Sincerely yours,

s/ Charles W. Slaughter, Pres.

### Caretaker's Connection

Julie Boyd Cole  
julieboydcole@gmail.com

#### Hello Bull family!

I am so honored to have been selected after the long, diligent application process to be the caretaker of our Bull Stone House. I am very moved to be following in the footsteps of some pretty wonderful cousins including **Melanie Latimer** and her father, **Michael Brown**.

I grew up just a few miles north of the Stone House, in Montgomery, New York and began learning about the Bull family when I was very young from my grandfather, **Henry Pierson Bull**. Grandpa Bull was very involved in the Stone House Association throughout his entire life. My late mother, **Ginny Bull Meath**, was also devoted to our family and served as a Board member and on many committees. My love and interest in the Bull family is in my DNA. So much so that it led my cousin **Sarah Brownell** and I to research and write a book about our matriarch **Sarah Wells**.

I am the sixth-great granddaughter of **William and Sarah Bull** as well as, the fifth-great granddaughter of **John, William, and Thomas**, three of William and Sarah's sons. I am the direct descendant of a total of 11 people who once occupied the house. In fact, this homestead, built in 1722, has **been occupied by the descendants of the family who built it, for its entire existence**. Many days, I'll walk down the lane, replace stones that have fallen from one of the meandering walls, or sit quietly in the house, and wonder what Sarah and William would think of the legacy they left for all of us.

When I moved into the homestead on November 1, 2019, I got right to work. From managing contractors, to gatherings of the family, to cleaning, to yard work; it has been non-stop but all the while such an honor and privilege to have this responsibility.

The day after Thanksgiving, I hosted a gathering with many of **the Brown family** members. It was both a thank you fellowship and an opportunity for me to learn details about the house from **Michael Brown** who lived in the house for **60 years**, and his immediate family.

My son **Campbell** and I are working almost every day on one project or another, inside and out, and I can't help but think about Sarah and William all the time. I wonder what it was like for them as they carried stones to the pile that would eventually become our Stone House, or what it was like to live so far from neighbors. I am sure it was a physically hard life, but I believe it must have been fulfilling. Because, each day at the Stone House, I am at peace.

Sadly, COVID-19 has made physically sharing the house with others a bit harder. I can **no longer give tours to anyone in person**, but have begun to give virtual tours utilizing Zoom video conferencing. I was able to give an interview this way for a young cousin who was working on a school report. Even though I long for the days when I can welcome visitors back in

to the house, this new technology gives us a way for long distance cousins to visit virtually.

I want to thank the Board who selected me for this position and for allowing me to follow in the footsteps of so many of my direct ancestors. I am truly honored by their faith in me.

I encourage you all to **join our family's Facebook group, The Bull Family group**, where I post pictures of the Stone House almost daily and often do Facebook Live events there as well.

I hope to see you all here at our Homestead **soon** and if anyone ever has any questions or wants to talk, you are welcome to call or text me on my cell at **352-871-5354** or send an email to the address above.

### Volunteer Spotlight: Sarah Brownell

"I am motivated by the legacy of **Sarah Wells**, and so many members of my immediate family, as well as the sight of my children over the years giving of their time at the homestead. I am only trying to do my part in keeping our story alive for generations to come."

**Sarah Brownell**, Volunteer Spotlight of the Year.

Who is **Sarah Brownell**? She is of the 9th generation in the line of **John, Thomas, and William**; the mother of three adult children - **Pierson, Emily and Tucker**; wife of **Jim Brownell**; Orange County resident; one half of the team that researched the life of **Sarah Wells Bull** that produced the book *Sarah, An American Pioneer*; the co-chair of the PR and Communications Committee; an honorary Trustee of the Board of our Association; the manager of the BullMarket; the website designer, and content producer; and the action behind decades of Bull family activities, including the 2012 Sarah Wells 300th anniversary of her settling the OC, a gigantic reunion and yearlong celebration. Sarah does so much for this family it can't all fit in this space. Just know, that if you have touched something with the Bull logo on it, been to the Stone House or the cemetery, been to a picnic, read something online about our heritage, or received a notice in the mail, Sarah Brownell most likely had a hand in it. One thing Sarah doesn't like is the spotlight. So we had to force this little thank you into the Bull-e-tin so we can all tell her how much we appreciate her dedication to our family. We love you, Sarah! You are an amazing volunteer!

## You are Invited To the 153rd Annual Bull Family Reunion and Picnic

Really? **How is this possible?!** Isn't the state of New York closed? Well, you are correct but **where there's a will, there's a way** and we Bulls are going to pull off something in order to continue to say **we are the second longest held family reunion in the U.S.** if there is any way possible.

Here's what we know as of this publication date: The Mid-Hudson region, where the Bull Stone House is located, met the metrics required for reopening for phase 1 on May 25th. There are 4 phases of reopening with 2 weeks between each phase to monitor the metrics. Phase 4 is where entertainment and larger gatherings fall. In a perfect situation the state would hit phase 4 on July 6th. But again, we don't know what we don't know and every day brings new developments.

Whatever the regulatory situation is once we reach August 1st, the Annual **Bull Family Reunion will not be the large gathering** it has been in the past, most likely **not even a gathering at the**

**homestead at all.** Keeping our family safe is of our utmost concern so **we will not be taking any risks.** The Annual Meeting of the Association will take place virtually at **1:00 pm EST.** More details of that will also be on our website [www.bullstonehouse.org](http://www.bullstonehouse.org).

The Picnic Committee is working closely with a newly developed Technology Committee to bring the reunion to you wherever you are. With **Zoom teleconferencing, YouTube videos and aspects posted on our website,** we hope to provide an experience full of fun, family, and history.

The regulations and reality of the situation are quite fluid at this time and in many ways, so is our reunion this year. Please

bear with us and **check in on our website often.** We'll communicate with e-mail, Facebook and even by carrier pigeon if we need to.

Our Bull Family ancestors must have had such a strong sense of commitment to family along with individual spirit and drive to help them deal with so many of the adversities they faced over the years. And now, with this worldwide pandemic we are once again faced with such hardships and confusion that we wonder if those ancestors knew something we don't.

My thought during the pandemic is that it seems that **it is** family that gives us our strength. It is **each of us** along with our communities coming together in support to carry us through. And with the size of this Bull Family there is support at every turn. We will prevail.

The Bull family is so fortunate during this time of upheaval to have **Julie Boyd Cole** in place as our caretaker at the Bull Stone House. She has proven to be an excellent steward and is taking such good care of the house and property.

Your Board of Trustees is also working every week to ensure that the house and the **William Bull and Sarah Wells Stone House Association** remain physically and financially strong; continuing to work on behalf of the entire family. Genealogy is still being recorded, remedial work is still being done on the house, history is still being researched, and history is still being written.

Even still, we continue to need your support in helping the Association remain safe and strong well into the future. **Please continue to be a part of your family legacy by sharing your support with thoughts, photos, and financially. We can not do it without you.**

### Genealogy Corner

Judy Wood - Genealogist  
line of John

The Bull Family Genealogy Committee reached a new milestone this June, **93,000+ names recorded** and a personal goal for **Judy Wood**, our family Genealogist, adding 12,000 names in the last year and doubling the 45,000 names she started with in 2006. This could not have happened without the multitude of hours of research by the dedicated volunteers on the Genealogy committee. A special thanks to **Margie Baker, Lisa Polster, and Sheila Erb** for their research on various family lines and all those who helped to transcribe obituaries.

However we celebrate the **153rd Annual Reunion**, you can still order a **2020 Bull Genealogy picnic special** for \$75 *plus postage* which includes a **Bull Blue Book** and a **2020 Bull Genealogy Flash Drive**. There are only a limited number of Blue Books still available so *get your copy before they are all gone*.

Don't forget to *always update* your **Bull Family Group Record** with any weddings, births, passings, etc. Simply go to the Ancestry tab on our website for the details, [www.bullstonehouse.org/ancestry](http://www.bullstonehouse.org/ancestry) or contact Judy at [bullfamilygenealogist@verizon.net](mailto:bullfamilygenealogist@verizon.net) or by mail to Judy Wood 3100 Vista Heights Ln Highland Village, TX 75077. Judy can even send you a copy of your current record for your reference.

### Genealogy Flash Drive Contest

Here's your **chance to win** the updated **2020 Bull family genealogy** on a **flash drive!** Just email or mail us a **multi-generational** photo showing **3, 4 or 5** generations of your Bull family members, **together in the photo**, by **August 1st**, and we will draw a winner.

*Don't forget to include the names of those in the photo.* We will also rotate the photos on the Bull website ancestry page for your cousins to enjoy.

**Scan and email your photo to** [bullfamilygenealogist@verizon.net](mailto:bullfamilygenealogist@verizon.net) or mail your photos to Judy Wood 3100 Vista Heights Ln Highland Village, TX 75077.

Start looking through those shoe boxes today! You can view several family photos of your cousins that have already been received on the Bull website ancestry tab.

### Archival Project Update 2020

Marc Nozell - Board Member  
Line of John

Over the centuries the Bull Stone House has amassed quite a wide assortment of family photographs, letters, and various other documents and printed material. Cataloging this quantity of Bull history **is a challenge**. We are in the process of digitizing everything with the goal of also transcribing and making content available online.

Volunteers have started the process but **we need your help!** We have come up with a very straight forward way for anyone to help with the transcription. If you have a computer, can use a mouse and can surf the web, you are qualified to lend a hand. No special software to install or complicated instructions. Still worried? We can even set up one-on-one webinar sessions to help walk you through the process.

Please contact cousin **Marc Nozell** to help you in getting started contributing to this interesting and important project.

Email [marc@nozell.com](mailto:marc@nozell.com) for more information and to see what amazing things have been discovered in your family history.

### Buildings and Grounds

Bice Wilson - Chairperson

bicewilson@gmail.com

Remarkable changes are taking place at the Bull Homestead! With the installation of our new Caretaker, **Julie Boyd Cole**, in November of 2019, the Association Board members and family volunteers jumped in to prepare for her arrival and for the reopening of the Bull Stone House for year round visitors. Electrical upgrades and mold remediation were tackled, along with the restoration and installation of two historic light figures which helped to improve the electrical grounding system. The project to replace the "spring room" and kitchen windows began and is still ongoing. A drainage swale was installed outside the windows to deter future water damage. None of these projects are possible without your continued support. We are so thankful for you, our cousins.

During the winter, we undertook the large project of repairing water damaged plaster and painting throughout much of the public areas of the house. After Julie's post project thorough cleaning, she and **Linda Bull**, chair of the Historical Interpretations and Collections Committee, along with several committee members, undertook a major curatorial upgrade of the way our collections are displayed in the house. It is at once a comfortable historically furnished home and a vibrant narrative of how generations of Bull descendants have lived and sustained our connections here.

Outside the house, **Julie** and her son **Campbell**, with a little help from **Sarah Brownell**, have been making major improvements throughout the grounds: upgrading the drainage in the fields along the lane, clearing the area around the spring house and creating a new landscaped stream to drain that area, planting new gardens, cutting brush around the pond so it is safe and comfortable to wander there, repairing stone walls, suppressing the Japanese Knotweed that was thriving around the outhouse, and making new gardens. Julie planted small flowering plants amongst the stones near the new swale along with **Betty Brown's** original iris bulbs. A multitude of wildlife has been spotted on the property this year: fox, turkey, deer, coyote, heron, racoon, skunk, possum, frog, turtle, and newt all call the Bull 100 acres their home.

In February, Boy Scout **Matthew Mycka** of Walden and members of his **Troop, 416 of Washingtonville**, installed bat boxes up behind the barn. Mycka is working towards his *Eagle Scout* with this project to help encourage the bats out of the barn and give them a new place to live.

We are exploring the possibility of leasing a portion of the back acres away from the house for use as a solar farm. Doing so will help the Hudson Valley create a more sustainable future, assure the Family Association of reliable income for many years, and provide us with low cost green energy.

**Our house and grounds are thriving.** Thank you again for your support in funding aspects of **these very important projects** for the continued preservation of **your homestead.**
